Artist Hunt Slonem is considered one of the great colorists of our time. A painter, sculptor and decorator (known for his keen eye for pairing vintage furniture with contemporary art), Slonem is famous for his neo-expressionist works of butterflies, bunnies and tropical birds. He has had over 300 one-man shows in galleries and museums internationally. His work can also be found in the permanent collections of 250 museums including the Guggenheim, the Metropolitan Museum of Art, the Whitney and the Moreau Foundation, and is part of private collections world wide, including those of many celebrities.

Rosenbaum Contemporary, founded in 1979, is based in Boca Raton with a second gallery inside the St. Regis Bal Harbour Hotel in Miami. The gallery caters to international collectors interested in investment-quality works by Postwar, Modern and Contemporary masters and presents nationally recognized museum-level exhibitions throughout the year. The gallery also offers a wide range of free services to collectors worldwide including acquisition advice, art consulting, sourcing of artists, art collection building and management and resale of select works of art.
